EDUCATION

B.Sc. in Computer Engineering   Sep. 2016 – Sep. 2020
Sadjad University of Technology   *Mashhad, Iran*

- **Last-two-year GPA:** 19.32/20 (3.96/4)
- **CGPA:** 17.85/20 (3.64/4)
- **Thesis:** Model-Based Collaborative-Filtering Recommender System to recommend top 5 movies for all users
- **Thesis Grade:** 19/20 (4/4), under the supervision of *Dr. Javad Hamidzadeh*

AWARDS AND HONORS

- **Ranked 2nd GPA** among the graduating class of 168 students at the end of Bachelor's, *Computer and Information Technology Department, Sadjad University of Technology, Mashhad, Iran*, 2020
- **Reached final stage** of the 25th **National Computer Olympiad** in Iran (the final competition was not held due to the COVID-19 pandemic), *Mashhad, Iran*, 2020

RESEARCH INTERESTS

- Machine Learning
- Deep Learning
- Pattern Recognition
- Computer Vision
- Recommender Systems

SELECTED COURSES AND GRADES

- **Artificial Intelligence**, *Dr. Reza Shamsaee*, 20/20 (4/4)
- **Computational Intelligence**, *Dr. Amir Farid Aminian Modarres*, 20/20 (4/4)
- **Multimedia Systems**, *Dr. Boshra Rajaei and Dr. Behzad Bakhtiari*, 20/20 (4/4)
- **Data Mining**, *Dr. Javad Hamidzadeh*, 20/20 (4/4)
- **Computer Vision**, *Dr. Amir Farid Aminian Modarres*, 19.85/20 (4/4)

TEACHING EXPERIENCE

- **Course Instructor**   May 2020 – Jul 2020
  Mobile Application Development with Flutter [YouTube]   *Part-Time*

- **Teaching Assistant**   Sep 2017 – Jan 2020
  Sadjad University of Technology, Mashhad, Iran   *Part-Time*

  (Tutored and guided over 400 students for a total of approximately 170 hours)
    - Artificial Intelligence, under the supervision of Dr. Reza Shamsaee (2 separate classes)
    - Algorithm Design, under the supervision of Dr. Javad Hamidzadeh (2 separate classes)
    - Algorithm Design, under the supervision of Dr. Mahdi Salkhorde Haghighi (1 class)
    - Discrete Mathematics, under the supervision of Dr. Saeed Yazdanian (2 separate classes)

Industry Experience

- **Data Mining and Machine Learning Developer** — Feb 2021 – Present
  Khorasan Science and Technology Park [website] — *Full-Time*

    - Gained experience with the most popular Date Science libraries in Python, such as NumPy, Pandas, Scikit-Learn, TensorFlow, Matplotlib, Seaborn, and many more, to manipulate and analyze the data, preprocess and visualize the data, train and test the models, and deploy them
    - Handled SQL queries from Python on different RDBM's, such as MySQL, SQL-Server and SQLite
    - Developed Python scripts to automate installation and execution of some projects as a Windows service or Linux daemon, or running them on a Docker container

- **Flutter Developer** — Jan 2020 – Sep 2020
  Arashweb LLC. [website] — *Internship*

    - Developed a mobile application in the field of literature and Iranian poets from scratch
    - Used the cutting-edge techniques such as JWT token-based authentication and BloC design pattern

Leadership Experience

- **Head of article layout team** at executive committee in the 6th Conference on *Signal Processing and Intelligent Systems (ICSPIS 2020), Sadjad University of Technology,* 2020 [website]
- **Executive team leader** at 5th *Sadjad I/O event, Sadjad University of Technology,* 2018

Academic Projects

Internet of Things course | *C, Python, Django, Flutter* [GitHub]
- Designed and developed an intelligent system to monitor and control a remote greenhouse
- Track and control hardware via mobile application, Telegram bot, and text message (SMS)

Multimedia Systems course | *MATLAB* [GitHub]
- Implemented a speech recognition application in MATLAB to recognize different audio categories with supervised learning, using SVM classifier
- Used MATLAB app designer to create an application with user interface

Computational Intelligence course | *MATLAB, Python* [GitHub]
- Developed several neural network algorithms, including Genetic, MLP, Adaline, and Perceptron

Web course | *ASP.NET MVC5, HTML, CSS, JavaScript* [GitHub]
- Developed a website with authentication and authorization methods, email service, input validation, security control, database management, and CRUD operations in the admin panel

Seminar and Workshops

Workshop Participation

- **Deep Learning for Image Processing**, *6th Conference on Signal Processing and Intelligent Systems (ICSPIS 2020), Sadjad University of Technology*, one-day online workshop, 2020
- **Principles of Writing a Scientific Paper**, *Dentistry Department of Ferdowsi University of Mashhad*, two-week online workshop, 2020

Course Presentation

- **Computer Vision course:** Presented a paper called *"A computer vision system for defect discrimination and grading in tomatoes using machine learning and image processing"*, 2020
- **Internet of Things course:** A presentation was given on *"what is API and how to connect a mobile application to embedded hardware core"*, 2020
- **Seminar course:** A presentation was given on *"React-Native vs. Flutter framework for mobile application development"*, 2019

Certificates

- **Machine Learning in Python with Scikit-Learn** by *Inria* on *France Université Numérique MOOC Platform*
  Certificate earned on June 15, 2021 [credential]
- **Machine Learning** by *Stanford University* on *Coursera*
  Certificate earned on May 30, 2021 [credential]
- **Mathematics for Machine Learning** by *Imperial College London* on *Coursera*
  Certificate earned on November 29, 2020 [credential]
- **Statistics with Python** by *University of Michigan* on *Coursera*
  Certificate earned on November 19, 2020 [credential]

Technical Skills

Programming Languages:

Python | MATLAB | Dart | C++ | SQL

Data Science Libraries:

Scikit-Learn | Pandas | NumPy | Matplotlib | Seaborn | Streamlit

Web and Application Frameworks:

Flutter | Flask | ASP .NET

Softwares and Tools:

Anaconda | Jupyter Notebook | Visual Studio | Arduino | Microsoft Office | Postman | Git

Volunteer Work

- Member of *Sadjad I/O* Student Group (student group to hold scientific events and conferences with the help of university faculty members), *Sadjad University of Technology*, 2017 – 2019
- Member of *Baran* Charity Student Group (student group to help homeless children with educational programs), *Sadjad University of Technology*, 2016 – 2018 [website]

Language

- **English:** Professional Working Proficiency
  - IELTS Academic will be taken on October 30, 2021
- **French:** Elementary Proficiency
- **Persian:** Native Proficiency
